Images used: Images used are from Depositphotos.com and/or Shutterstock.com. If we need to buy images from other agencies the cost will be added to your bill. Stock photos are purchased under standard licensing (licensing can vary but generally usage for the images covers 500,000 sales after which images need to be repurchased or a new cover with new images created.)

How it works...

... You answer the questions below and send the requested info back to me.

... Go to Shutterstock and/or Depositphotos search for photos you feel would work for your cover and send me the links.

... Once we have appropriate photos I'll start the initial concept design and send a rough proof.

... Based on your feedback changes are made if necessary. This can take a bit of back and forth.

... Once you like the proof, the images are purchased and a clean proof sent. At that point minor tweaks can be made.

Timeline... can vary depending on work load, single design or series. Average timeline: 1 week for first proof

Stock Photo Sites included in pricing... www.shutterstock.com ... www.depositphotos.com
